## PROFILE SUMMARY

A diligent, communicative and innovative Web and Software Developer with a strong foundation in web design, front-end and back-end development, and a keen eye for user experience. Skilled in HTML, CSS, JavaScript, Python, and modern frameworks like React, Flask, and Django, bringing a comprehensive approach to building responsive and functional applications. Offering robust project experience in both independent and team environments, demonstrating expertise in financial analysis, audit execution, and due diligence from previous roles in transaction services and auditing. Certified in AWS and Microsoft Azure fundamentals, demonstrably characterised as an adaptable, detail-oriented, and committed to delivering innovative, client-focused solutions. Seeking the opportunity to be onboarded by a company that values professional progression, process optimisation and inclusion to contribute existing and newly acquired skills.

## DESIGN PORTFOLIO

- Embedded documents within the HTML documents by using Iframe tags to specify inline frames whilst creating and adding links, images, and other media to the website
- Utilised HTML to develop the website content including a landing page with three additional pages namely contact, about, and FAQ
- Created, edited, and manipulated web typography as well as created and embedded link lists and tables into pages
- Maintained site formats and structural integrity by defining elements and content using the CSS3 box model
- Kept site load times to a minimum by effectively implementing CSS3 syntax to style website pages
- Developed a personalised website as part of the web development programme final assignment
- Utilised multiple style attributes to set the style of HTML elements and therefore style webpages
- Explored various website hosts taking into consideration type, security, features, and pricing
- Determined the theme of the website in order to be eye-catching and user friendly
- Used CSS3 Dynamic Properties using transformations, transitions, and animations
- Created HTML webpages using HTML Editors Visual Studio and Brackets
- Selected a subdomain in order to obtain the domain URL.

Thank you for your  
consideration.

## WORK EXPERIENCE

**Freelance Developer** | Self-Employed

October 2023 – Present

- Developed and maintained custom web-based applications as an independent developer, utilising Flask and Django frameworks to deliver robust and scalable back-end solutions.
- Designed and implemented responsive front-end interfaces using HTML, CSS, and the Bootstrap framework, enhancing user experience and ensuring seamless interaction across devices.
- Collaborated with clients to understand requirements, provided technical expertise, and delivered high-quality solutions aligned with project objectives.

**Freelance Photographer** | Self-Employed (Tokyo)

October 2020 – August 2022

- Relocated to Tokyo and leveraged the opportunity to advance a career in photography, capturing diverse cultural and urban landscapes while expanding a professional portfolio.
- Dedicated time to skill development, including learning Japanese, to better engage with local clients and immerse in Tokyo's creative scene.
- Pursued personal and professional growth in photography, refining technical skills and artistic perspectives in a vibrant international environment.

**Associate Transaction Services** | BDO

October 2018 – November 2019

- Conducted comprehensive financial analysis, business reviews, and financial projections to support planned transactions, primarily focused on buy-side due diligence.
- Evaluated quality of earnings, net financial debt, working capital, and cash flow to provide clients with accurate insights into target companies' financial health.
- Delivered high-quality due diligence reports, ensuring thorough analysis and clear presentation of key financial metrics to facilitate informed decision-making.

**Senior Auditor** | KPMG

September 2015 – October 2018

- Led the execution and completion of audit engagements for clients across the infrastructure, communications, and healthcare sectors, ensuring compliance with regulatory standards and client-specific requirements.
- Coordinated audit teams, overseeing planning, fieldwork, and reporting to deliver accurate and comprehensive audit results.
- Provided clients with actionable insights by identifying key risks and opportunities within their financial statements, supporting effective business decision-making.
